

Water Treatment Plant Lead Operator: Leadership Opportunity in Century, FL

Location: Utilities Department, Town of Century, FL

Type: Full-Time

Annual Salary Range: \$62,560 to \$66,560

About the Town of Century:

The Town of Century, nestled in the serene Florida Panhandle, offers a blend of small-town charm with the beauty of natural surroundings. It's a place where community matters, and where your work as a Water Treatment Plant Lead Operator plays a vital role in ensuring the health and well-being of every resident. Century is not just a place to live; it's a place to make a difference.

The Role:

We are seeking a seasoned and dedicated Water Treatment Plant Lead Operator to oversee and participate in the critical operations and maintenance of our water treatment facilities. This leadership position is key to ensuring our water treatment processes meet safety, efficiency, and regulatory compliance standards. You will be at the forefront of safeguarding our community's water supply, contributing significantly to public health and environmental stewardship.

Why Join Us in Century?

- **Impactful Leadership:** Lead a team dedicated to providing safe, clean water to the community.
- **Competitive Salary:** We value your expertise and offer a salary range of \$62,560 to \$66,560 per year.
- **Professional Development:** Opportunities for growth and advancement in a supportive environment.
- **Quality of Life:** Experience the unique lifestyle of Florida's Panhandle, where community and nature converge.

Key Responsibilities:

- Supervise, train, and evaluate the Water Treatment staff, ensuring operational excellence.
- Oversee daily operations, maintenance, and emergency preparedness of water treatment facilities.
- Ensure adherence to all federal and state drinking water regulations.
- Engage with the community through education initiatives and plant tours.
- Manage budgets, operations, and personnel with a focus on efficiency and compliance.

Qualifications:

- High School Diploma or GED; further education in a related field is advantageous.
- Minimum of 5 years of experience in water treatment plant operations, with a focus on leadership roles.
- Valid Florida Class C, B, or A Water Treatment Plant Operator License.
- Demonstrated ability to manage teams, budgets, and operational challenges.

Benefits:

- A rewarding salary range of \$62,560 to \$66,560 per year.

- Comprehensive benefits package including health, dental, and retirement plans.
- Relocation assistance for the right candidate.
- A commitment to work-life balance and community involvement.
